

SANI-JET

Model: 4126/P0

Code: 00P4126P0ARO

EAN: 8003705119352

Sani-Jet is the first sanitising nebuliser on the market, compact, handy and easy to use, specific for cleaning any surface or environment thanks to the action of Sani-Jet Clean, the sanitising solution whose effectiveness has been tested on surfaces that were shown to be perfectly sanitised

Using **Sani-Jet** is very easy: simply dissolve a sachet of Sani-Jet Clean supplied with the product in tap water. When dissolved in water, Sani-Jet Clean generates 0.1% active chlorine, which can be **used for cleaning environments in compliance with the Italian National Institute of Health Report no. 5/2020 Rev. 2 of 25/05/2020**. At this point the solution can be sprayed directly on the surface you wish to sanitise, directing the special nozzle and choosing the intensity of the jet. In compliance with the Italian National Institute of Health Report no. 5/2020 Rev. 2 of 25/05/2020. ****Tested to verify removal activity in accordance with the applicable UNI EN standards on hygiene and cleaning products.**

Directions for use

We recommend using the sanitising nebuliser with Sani-Jet Clean sanitising powder. Do not use with flammable substances.

Product specifications

Power

400 Watts
