

AIR FRYER OVEN + GRILL 12L

Model: 4641/00

Code: 00C464100ARO

EAN: 8003705126121

Much more than just a fryer. The **Air Fryer Oven + Grill** features a 2-in-1 cooking system that combines the speed and performance of an **air fryer** with the versatility and capacity of a true **convection oven**.

With **1800W** of power and a **12-litre capacity**, it easily handles a wide variety of recipes for the whole family. Using the 3 included perforated grills (26x23 cm), you can cook three **different dishes at the same time**, such as meat, vegetables, and bread, with absolutely no flavour contamination. This maximizes preparation time efficiency and significantly reduces energy consumption compared to a traditional oven.

The **360° hot air circulation technology** guarantees flawless results. With the **rotating basket**, ideal for fries and croquettes, heat wraps evenly around the food on all sides, offering **superb crispness** without the need for manual shaking. The rotisserie function with a rotating spit allows you to cook a whole chicken to perfection; its continuous movement guarantees a crispy **golden outside** and **juicy inside**, while easily draining away excess fat into the large drip pan.

Beyond healthy frying and baking: the appliance also features a dedicated **Dehydrate function**. With a dedicated program and precisely calibrated temperatures between 30°C and 90°C, you can **dehydrate fruits, vegetables, and mushrooms**, eliminating moisture and preserving them for a long time while fully maintaining their flavour and precious nutritional properties. The interface features a simple and intuitive **digital touch screen display**, enhanced by 10 colourful icons representing the **automatic pre-**

set programs. Monitoring your dishes is incredibly easy, thanks to the internal light and the removable, **double-glass transparent door**, specially designed to prevent heat loss while ensuring a quick, deep, and effortless clean.

Product specifications

2-in-1	air fryer + oven
Power	1800W
Capacity	12L
3-level cooking	✓
