AIR FRYER 4L WHITE

Model: 4633/03
Code: 00C463303AR0
EAN: 8003705122710

With the **air fryer 4L** you can fry huge quantities of any dish you want using only a tablespoon of oil to obtain both healthy and tasty fried dishes. Thanks to the 4L basket, with Ariete Air fryer 4L you will be able to cook **up to 1.5 kg of fries at once**! Fries, but not just that, also croquettes, fish, meat and so much other breaded food, whether frozen and ready to fry or fresh and recently breaded, thanks to the **9 preset programs**.

How does the air fryer work?

The air fryer cooks thanks to high temperature air, of **up to 200°C**, which circulates at maximum velocity at 360° inside the cooking chamber and grants a uniform distribution of heat in its interior. It is the hot air that allows an homogeneous cooking of the dishes and the presence of a crispy crust, which is just as good as traditional frying. Thanks to the hot air, it won't be necessary to add so much oil to obtain tasty fried food, because **just a tablespoon will suffice**; this way you will bring to the table lighter dishes, but tasty for the whole family.

From the **large touch screen panel** you can adjust cooking times, programs, temperature and timer. Air fryer 4L has a Grill and Shake function: for crispier food and a super homogeneous cooking.

Air fryer 4L **is easy to clean** thanks to the non-stick basket with grill and it has a low environmental impact, because it doesn't produce waste oil, one of the most difficult waste to dispose of.

Product specifications	
Power	1400W
Capacity	4L
Non-stick basket with grill	✔
Capacity for dishes	1.5kg
Functions	Grill and Shake
Panel	Touch Screen
