

AIR FRYER VERTICAL DUO

Model: 4640/00
Code: 00C464000AR0
EAN: 8003705124660

Want to make an entire family dinner without turning on the traditional oven and waiting hours?

The Air Fryer Vertical Duo is the **vertical double-stack air fryer** that, with its innovative "tower" design, offers an **11-liter** capacity while taking up **40% less space in your kitchen** compared to classic horizontal dual-basket air fryers. It's like having two ovens, one on top of the other.

With **just 26 cm of width**, it fits into any corner, leaving you free space to chop, knead, and create, unlike traditional horizontal air fryers. The **two 5.5L baskets (11L total)** let you cook on 4 cooking levels simultaneously using the included grills.

The Air Fryer Vertical DUO features 2 smart functions:

- **SYNC Function**: Synchronizes the end of cooking time. Even if the two baskets have different times and temperatures, the air fryer ensures everything is ready at the same time. No more cold food on the table!
- **DUAL Function**: Copies the settings to both baskets for large quantities of the same dish, ideal for large families!

Thanks to the large **transparent windows** and **internal light**, you'll have full control over the cooking process. With the Air Fryer Duo, you can prepare large quantities of food: it can cook a **whole chicken up to 1.5kg**. Plus, it's an excellent solution for **dehydrating** food, thanks to its adjustable temperature range that goes from 60 to 200 degrees.

Product specifications	
Power	2460W
Capacity	11L (2 x 5.5L)
4 cooking levels	✔
