

AIRY FRYER DUAL

Model: 4623/00
Code: 00C462300AR0
EAN: 8003705120631

With the **Airy Fryer Dual** air fryer you can fry any dish in **double quantity**, using just one tablespoon of oil to obtain **tasty frying**. Thanks to the **2 separate baskets**, 4 L each, with Ariete's Airy Fryer Dual you can cook up to 3.4 kg of French fries at once! French fries, but not only, also croquettes, fish, meat and many other breaded foods, both frozen and ready to fry, and fresh and just breaded, thanks to **8 preset programs**.

How does the air fryer work?

The **air fryer** cooks thanks to the **high temperature air**, adjustable **from 35 ° C up to 200 ° C**, which circulates at maximum speed and **at 360 °** inside the cooking chamber and guarantees uniform distribution of the heat inside. It is precisely the hot air that allows the dishes to cook evenly and the formation of a crispy crust on the outside, which has nothing to envy to traditional frying. Thanks to the **hot air**, there will be no need to add a lot of oil to get a tasty fried, because a simple spoon will be enough, in this way you will bring lighter but **tasty foods** to the table for the whole family.

You can cook two different dishes at the same time or cook a dish in large quantities by dividing it into the 2 baskets with the Dual Cook function.

For dinners and lunches based on different dishes, don't worry about the timing: with the **Synchronize function** you can cook 2 different dishes and make sure they are ready at the same time.

The **Airy Fryer Dual** air fryer is easy to clean thanks to the removable non-stick baskets.
