

SPOT CLEANER STEAM PRO 5IN1

Model: 2484/00
Code: 00P248400AR0
EAN: 8003705125650

Forget the anxiety of a stain on your new sofa or the stress of pet messes. The **Spot Cleaner Steam PRO 5in1** combines deep steam cleaning with powerful liquid and solid suction.

It doesn’t just clean the surface; it reaches the heart of the fiber. Here is how this technology works in synergy for you:

1. Steam & Heat: start with a thermal attack. The jet of steam instantly softens dirt, breaking the chemical bond between the stain and the fabric.

2. Detergent solution: optional, but a game-changer for grease. By using a specific low-foaming detergent, we target pigments and greasy substances.

3. Powerful suction: thanks to its 1800W of power, once the dirt is "melted", the high-power suction extracts it along with the dirty water, leaving the surface clean and nearly dry.

Ariete advice: dealing with an old or particularly greasy stain? Don’t rush. Pre-treat the area with the cleaning solution, allow it to work for a few minutes, and only then proceed with steam and suction. The results will amaze you.

Spot Cleaner Steam PRO 5in1 is ideal for tackling your toughest daily challenges:

● **The food and drink nightmare**: coffee, red wine, fruit juices, or sauces (like ketchup and tomato) are no longer a threat. Heat dissolves sugars and coagulated proteins, erasing any trace of stains.

● **Oil and grease**: these are the most dreaded stains, but the combination of steam and detergent liquefies the oil, allowing the suction to lift it away for good.

● **Mud and deep dirt**: even dried mud is rehydrated and softened, then extracted from deep within the fibers.

● **Pet "messes"**: whether it's **urine**, **vomit**, or **muddy paw prints**, Spot Cleaner Steam does more than just remove the visible stain. The power of high-temperature steam sanitizes the surface, neutralizing the bacteria that cause unpleasant odors. Don't just mask the smell, eliminate it at the source. Perfect for homes with pets and children.

Furthermore, the steam goes deep into the fibers of carpets and mattresses to eliminate **mites**, **allergens**, and **hidden dust**, ensuring a healthier environment for the whole family.

Since not all fabrics are the same, the digital display allows you to choose from 3 cleaning modes:

1. Steam mode: to sanitize and break down stubborn dirt.

2. Hot water mode: for deep and effective cleaning.

3. Cold water mode: ideal for delicate or specific fabrics, such as car interiors, where it's often better to avoid high temperatures to protect adhesives and trimmings.

Package includes:

● **Pet hair rubber brush**: perfect for capturing hair as you clean, even from your four-legged friends' beds.

● **Glass cleaning brush**: transforms your spot cleaner into a window, glass, shower stall, mirror, and hard surface cleaner.

● **Corner cleaning brush**: to clean and sanitize even the hardest-to-reach spots in your home.

● **Steam nozzle with vertical ironing plate**: removes wrinkles from fabrics, curtains, and garments in an instant.

● **Dual tank**: the 1.7L clean water tank never comes into contact with the 1.1L dirty water tank, ensuring maximum hygiene.

● **Self-cleaning function**: Done cleaning? Simply suction clean water to automatically rinse the internal hose. Zero effort, maximum product life.

Product specifications	
Power	1800W
2 separate tanks	one for clean water (1.7L) and one for dirty water (1.1L)
Digital touchscreen display	✔
3 cleaning modes	steam, hot water, and cold water
Triple action	washes, scrubs, and vacuums
High suction power	✔
Vertical ironing	✔
Pet care	✔
With convenient cord storage device and handle for easy transport	✔
With integrated storage for hose and brush	✔
Accessories	main bristle brush, glass cleaning brush, corner cleaning brush, pet hair rubber brush, steam nozzle for vertical ironing
Product length	35.50 cm
