

ESPRESSO COFFEE MAKER FOR NESPRESSO* , DOLCEGUSTO* AND LAVAZZA A MODO MIO* CAPSULES, PODS AND POWDER

Model: 1304/01
Code: 00M130401AR0
EAN: 8003705123830

The coffee machine for capsules, pods and powder allows you to brew espresso in your favorite mode! Capsules offer a wide variety of choices including ginseng, orzo, decaffeinated, and many others, up to hot beverages such as tea; ESE pods are a practical solution for enjoying a good coffee, preserving its aroma and freshness and with special attention to the environment; and finally, ground coffee for those who love tradition.

With a compact design that fits into any kitchen, office or shop, you can brew your coffee anywhere, at any time of day, choosing between an espresso and a large cup coffee. The 0.7L tank allows you to brew more drinks without the need for frequent refills. It is possible to adjust the height of the drawer and use different types of cups: by bringing the cup closer to the dispenser you will get a perfect cream.

The result? A rich, intense aroma that enhances each cup for an authentic coffee experience.
