

GRAN GELATO 4IN1

Model: 0644/00
Code: 00C064400AR0
EAN: 8003705125865

Gran Gelato 4in1 is the self cooling ice cream maker and the perfect ally for anyone who loves fresh, wholesome desserts but doesn't want any hassle. You can prepare **up to 1kg of ice cream**. Thanks to the **built in compressor**, you can forget about pre freezing the bowl in the freezer for hours: this machine is always ready to use and can satisfy your sweet craving in just a few minutes.

Featuring an elegant and compact design, it perfectly fits any modern kitchen, delivering professional-level performance with intuitive use. The self-cooling technology with a built-in silent compressor means no ice or pre-freezing is required: the ice cream maker cools and freezes the ingredients on its own as it mixes, ensuring a creamy and perfect texture.

Gran Gelato 4in1 offers 4 in 1 **versatility** thanks to its wide range of programs, so you can prepare something different every day:

1. Classic creamy **ice cream**.

2. Light, healthy, and natural **yogurt**.

3. Fresh fruit **sorbet**.

4. Refreshing and delicious **slush**.

Thanks to the “**keep cool**” **function**, the ice cream is kept at the ideal temperature for 1 hour after the end of preparation, preventing it from melting. Designed for maximum hygiene and convenience, the **bowl is removable**, as are all the accessories (spatula, measuring cup, and spoon included), making cleaning operations simple and fast.
