Refined design and cutting-edge functionality to transform your kitchen into an oasis of beauty, the Mediterranean charm of this line is inspired by the unique and vibrant style of the beautiful island of Capri.

Mix, blend, whip with the Capri planetary mixer: with the 3 accessories provided (hook, beater and wire whisk), there's no limit to what you can do in the kitchen. With the hook, you can knead the toughest recipes such as pizza or bread dough, or shortcrust pastry; the beater is ideal for mixing and preparing cream and fluffy cake bases, while with the wire whisk you can quickly whip any ingredient, such as eggs or cream.

The Capri planetary mixer will make it easier to prepare the more elaborate recipes you would like to make at home, such as bread, homemade pasta, but also pizza, leavened products and special cakes that would require long preparation times. You choose the recipe, the Ariete planetary mixer does it all for you! With its 5.5-litre capacity stainless steel cup, the planetary mixer allows you to process large quantities of ingredients with the best performance, thanks to its 2400Watt motor. You can also adjust the speed, choosing from 7 available speeds, according to the recipe you want to prepare.
