The **electric toaster of the Positano line by Ariete** toasts 4 slices of bread at the same time, without clamps, with 4 separate compartments, 2x2 controls and the possibility to choose the **browning level** and toasting of the bread that you prefer, thanks to the **6 levels** that can be selected using the knob. Slices are **automatically ejected** once toasted, avoiding unpleasant burns, and the cold walls guarantee maximum safety during use. By toasting **4 slices of bread at the same time**, you can quickly prepare toasted bread for your American breakfasts, brunches with friends or a quick breakfast for the whole family, but that's not all: with Ariete's **Positano Toaster** you can also activate the **defrost function** to defrost in a few moments and toast sandwiches and stuffed sandwiches, for tasty snacks or quick lunch breaks.
