

## BLEND & HEAT

**Model:** 0578/00

**Code:** 00C057800AR0

**EAN:** 8003705118942

**Blend & Heat** is the powerful and professional multifunction Power Blender for preparing smoothies, juices, milkshakes, sauces and condiments, but also hot and velvety soups ready to be enjoyed in a few minutes thanks to the "**Soup**" **function** that allows you to blend and heat at the same time .

The body and the **6 stainless steel blades** ensure maximum resistance and robustness, while the power of **2000 Watts with 32000 rpm** allow you to blend fruit, vegetables and many other ingredients, including ice for your cocktails, quickly. and functional, keeping the nutritional properties of food unaltered. This is why Blend & Heat is perfect for all those who lead diets with a high absorption of nutrients and like to prepare protein or energizing shakes to be consumed after intense sports activities. Also very useful for preparing baby food and baby food, without losing the organoleptic characteristics of fruit and vegetables, or **healthy and genuine snacks at any time of the day**. The heating function allows you to blend and heat at the same time, to prepare velvety soups full of flavor, ready to serve.

Inserting the ingredients into the large **2-liter cup** is very easy thanks to the practical hole in the lid and the supplied food pusher accessory. Blend & Heat is equipped with the **double safety system EK1**, with automatic locking of the blades in case of need, for a safe use of the product.

A multifunctional blender with unique performances: put Blend & Heat to the test with smoothies, soups

and velvets, sauces and cocktails.
