Refined design and cutting-edge functionality to transform your kitchen into an oasis of beauty, the **Mediterranean charm of this line** is inspired by the **unique and vibrant style of the beautiful city of Positano.**

The **electric toaster of the Positano** line by Ariete toasts **2 slices** of bread at the same time, without clamps, with 2 separate compartments and the possibility to choose the browning level and toasting of the bread that you prefer, thanks to the **6 levels** that can be selected using the knob. Slices are **automatically ejected** once toasted, avoiding unpleasant burns, and the **cold walls** guarantee maximum safety during use. By toasting 2 slices of bread at the same time, you can quickly prepare toasted bread for your American breakfasts or brunches with friends, but that's not all: with Ariete's Positano Toaster you can also activate the **defrost function** to defrost in a few moments and toast sandwiches and stuffed sandwiches, for tasty snacks or quick lunch breaks.
